## Meetings for the Promotion of Christian Holiness and Divine Healing.

THE FRIDAY MEETING, in New York, was instituted five years ago as a common meeting place for testimony, prayer and Scriptural teaching on the part of those whom the Lord was leading into His deeper life, and who needed help, direction and mutual sympathy. ## New York Missionary Training College.

This institution was founded to meet the felt need for a simple, spiritual and scriptural method of training for Christian work for the large class of persons who desire to become prepared for thorough and efficient service for the Master, without a long and elaborate college course. It aims to give to them a thorough instruction in the whole Word of God, and a practical and experimental training in the various forms of evangelistic and Christian work, besides such other theological and literary studies as are included in a liberal course of education.

The college is undenominational in its objects and work and in accord with the evangelical Christians of every name.

Tuition is free.

The financial resources of the college are wholly dependent upon the care and faithfulness of God, there being no endowment or wealthy friends in any way connected with it as pledged supporters.

The aim of this Home in connection with the College is to give to all students who do not reside in the city the advantages of a Christian home at the lowest possible rates for board, light and heat.

It is under the personal care of Mr. and Mrs. O. S. Schultz, who, with Rev. A. E. Funk, also residing in the Home, give their personal oversight to the spiritual and intellectual training of those under their care. Through the Divine blessing the College and Home have become the places where the great majority of students who resided in it have been led into a simple and deeper experience of a personal Christ and of the indwelling presence and power of the Holy Ghost.

The new and permanent College Home, No. 251 W. Fifty-fifth Street, is a larger and more convenient building than any we have had before.

The terms for students living at the Home are \$4.00 a week, including light and heat. Special arrangements are required for those who desire single rooms alone. Address Rev. A. E. Funk, Sec.

## Berajah Home.

Soon after the organization of this work a number of persons connected with it were divinely healed through faith in the name of Jesus. Many persons from a distance soon began to

come for inquiry and instruction. The principle involved in these healings is intelligent and Scriptural faith in God, on the part of the person concerned, springing from thorough conviction, and not through any personal power in the pastor or other workers. All cases have been carefully instructed, and the need was soon felt for a Home where they could be received for rest, teaching and spiritual quickening.

In the spring of 1883 such a Home was opened at 331 West Thirty-fourth street, and was the scene of many blessed manifestations of the Divine Presence and power during the ensuing year. One year later Mr. E. G. Selchow was led to donate the valuable house No. 328 West Twenty-third street for a permanent home for this work, and it was opened May 5th, 1884, for this purpose.

During the two and a half years that it was used for this work many hundreds of guests left its doors refreshed, quickened and, in many cases, signally restored to health and strength. In the autumn of 1886 the Lord was pleased to give a much larger Home, containing two commodious houses on the corner of Sixty-first Street and Park Avenue, where still wider and more marked blessing has continued to attend it. The terms are adapted to the circumstances of all. Daily meetings are held at 8.30 A. M. and 3 P. M., and the atmosphere of the house is one of delightful rest and Spiritual refreshing. Persons desiring to remain at the Home should write to Rev. A. B. Simpson, or to Miss Lindenberger, Deaconess in charge. Mr. E. G. Selchow 41 John Street, is trustee of the property.

## Other Homes.

**THE FAITH REST**, under the charge of Miss Carrie F. Judd, Buffalo, is a quiet and delightful little retreat, where weary and suffering ones can go for rest and spiritual and physical help and healing, and where many have entered into rest, victory and fullness of blessing. Address Miss C. F. Judd, 260 Connecticut street, Buffalo.

There is also a Home connected with Dr. Cullis' work in Boston

There is a quiet House of Rest in Brooklyn, connected with the Berean Church, at 980½ DeKalb avenue, Miss Fisher, matron.

**BETHANY HOME**, Pittsburgh, care of Miss Moorehead, 113 Centre avenue, has been set apart for whatever service the Lord may need for His suffering children, and has already been much blessed.

Miss Mosman also receives guests during the summer at her cottage at Ocean Grove.

**BETHSHAN**, Highbury, London, under the care of Mrs. Baxter, Miss Murray and Mrs. Boardman, has been the centre of a great and far-reaching work since its opening five years ago.
