

**MAY — GOSPEL OF DELIVERANCE
PENETRATES RUSSIA!**

Last year Tommy Hicks, back from Buenos Aires, where hundreds of thousands heard the Gospel, announced that God had showed him that he was going to preach the Gospel in Russia! This seemed too much to believe. Did anybody think that the atheists in the Kremlin would let an American evangelist hold campaigns, preaching salvation and divine healing right in their own territory? Too fantastic for consideration!

But God still has the key to every door. At the very hour that Brother Hicks was on his way to Russia, the Kremlin, realizing that their plans for world dominion were temporarily blocked by the rearmed coalition against her, decided on a new maneuver. Now she would hold up the dove of peace. She agreed to the so-called Summit conference at Geneva. For the time she would pretend good will.

It was at that very moment that Tommy Hicks knocked at the door of Russia, and the door was opened! Thousands heard the gospel and were saved and healed!

The significance? Just this. God is now opening the doors so that the Church can evangelize the world in this hour. But she must pray, she must give, and she must believe God. Heaven looks down and awaits the answer. Will we do our duty?
